## Internal Auditing

**Your Trusted  
Partner for TISAX  
Consultancy and  
Internal Auditing**

Welcome to ParkinsonHowe's comprehensive Tisax Consultancy and Audit Services, designed to assist your organisation in achieving compliance with the Tisax (Trusted Information Security Assessment Exchange) standard.

Our team of experts is committed to delivering top-notch solutions tailored to your specific needs. With a wealth of experience and a deep understanding of the automotive industry's unique challenges, ParkinsonHowe is the ideal partner to guide you through the Tisax certification process. Our services cover six key areas to ensure your organisation's success.

**Tisax Readiness Assessment:** Before embarking on the certification journey, we conduct a thorough Tisax Readiness Assessment. This involves evaluating your organisation's current information security practices, identifying potential gaps, and recommending necessary improvements to meet the Tisax requirements. Our consultants will work closely with your team to develop a customised roadmap, ensuring a smooth and efficient transition towards Tisax compliance.

**Information Security Policy Development:** A robust information security policy is the cornerstone of Tisax compliance. Our seasoned consultants will collaborate with your organisation to design and implement comprehensive policies tailored to your business needs. We empower your organisation to protect sensitive data and build trust with stakeholders by ensuring a robust governance framework.

**Data Protection and Privacy Management:**

Tisax compliance involves strict adherence to data protection and privacy regulations. ParkinsonHowe's experts will guide you in implementing effective data protection strategies, including data classification, encryption, access controls, and consent management. We ensure your organisation complies with GDPR and other relevant privacy laws, fostering customer trust and safeguarding your reputation.

**Gap Remediation and Improvement Strategies:**

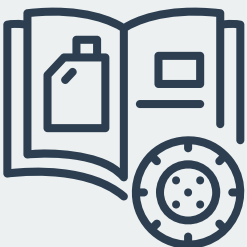

During the audit process, if any gaps in compliance are identified, our consultants will work closely with your organisation to develop effective remediation strategies. We provide expert guidance on addressing deficiencies and implementing improvements to meet Tisax requirements fully.

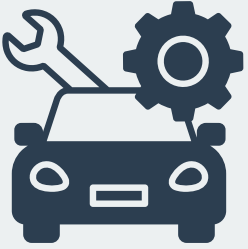

**Pre-Certification Review:**

In preparation for Tisax certification, ParkinsonHowe offers a comprehensive Pre-Certification Review. This includes meticulously evaluating your organisation's information security controls, policies, and procedures. Our experts will conduct in-depth assessments to identify potential gaps hindering successful certification. By addressing these issues proactively, we ensure your organisation is fully prepared for a smooth Tisax assessment.

**Continuous Compliance Monitoring:**

Staying compliant with Tisax requirements is an ongoing effort. ParkinsonHowe provides Continuous Compliance Monitoring services to help you track your organisation's adherence to the standards over time. Our monitoring solutions proactively identify deviations and non-compliant activities, enabling swift corrective action to maintain Tisax certification.
